The following is a list of Soviet A.-G.'s in Saxony-Anhalt representing all German firms acquired on the reparation account up to August 1947. In the list, a) gives the representative of the firm who has handed over the firm to the Russians, b) gives the name of the government representative. The central column gives the evaluation in marks, in accordance with Russian assessment procedures. These evaluations are not final, since the German administration is now requested to examine the estimates and to correct errors which occurred:
